FROM THE ADAPT LIBRARY

About this collection

This book comes from the working library we source against every week. It is published by one of Adapt Group's partner factories, and it is reproduced here as part of our Shower Trays collection — the range behind the quotes we write.

Adapt is a materials company, not a showroom. We buy **factory-direct** from our manufacturing partners overseas and deliver to your job site in Florida with **shipping, tariffs, and customs included** in the landed quote — one number, no freight surprises after the fact.

Treat this catalog as a sample of the range, not the limit of it. The catalog shows only a portion of what Adapt can source — if a specification, finish, or product isn't in these pages, ask. **Nothing is not available.**

Specifications and pricing are confirmed per project: send us your plans or a takeoff and we will spec-match the products, price the full package landed, and confirm every detail in writing before anything ships.

SOURCING	Factory-direct, through Adapt's manufacturing partners
LANDED QUOTES	Shipping, tariffs, and customs included — one number
PRICING	Confirmed per project, from your plans or takeoff
DELIVERY	To your job site, anywhere in Florida
